

LEVC

VN5

PRICE AND SPECIFICATION

FEATURES.

From its distinctive design and proven technology, to uncompromising safety standards and ease of use, an array of features combine to make VN5 the defining van in its class.

- 1

Strength
Anodised aluminium monocoque body structure is strong and durable
- 2

Energy
Regenerative braking reuses energy to preserve the charge in the drive battery
- 3

Resistance
Sheet Moulded Composite (SMC) panels are resistant to dents and corrosion
- 4

Manoeuvrability
Industry-leading 10.1m turning circle helps negotiate narrow city streets
- 5

Technology
Proven eCity technology with 319 miles total flexible range and 64 miles pure electric range*
- 6

Power
Fast charging can replenish the battery from zero to 100% in around 30 minutes**

	WLTP*	NEDC
Official combined fuel economy (mpg)	340.7	235.4
Official CO ₂ emissions (g/km)	19	27
Energy consumption (Wh/mile)	379.2	344.4

*Total flexible range of 318.9 miles and pure EV range of 63.8 miles, official EAER (Equivalent All Electric Range) figure, achieved under WLTP (Worldwide Harmonised Light Vehicle Test Procedure) test conditions.

**Using 50kW DC Rapid Charger.

ELECTRIC DRIVE. NO RANGE-ANXIETY.

Space

- 7 The loadspace of up to 5.5m³ accommodates two Euro-2, two Euro-3 or three Euro-1 pallets, which can be loaded from the side or rear

Access

- 8 Side loading door with 1,128mm aperture and rear 60/40 split door allow easy loading and unloading

Practicality

- 9 The flat loading floor and unobtrusive bulkhead maximise use of the cargo space

Capacity

- 10 Up to 830kg* gross payload, including up to 100kg on the roof

Visibility

- 11 LED lights are brighter and last longer than halogen or xenon

Versatility

- 12 Designed to enable multiple configurations with minimal modifications

FEATURES.

13

Safety

Full complement of passive safety systems and cutting-edge active driver assistance

14

Comfort

Dual-zone climate control regulates cabin temperature, and the seat and steering wheel are fully adjustable

15

Design

Ergonomic, quiet workspace with ample stowage in the doors, glovebox and central console

16

Flexibility

Three flexible drive modes - Pure EV, Smart and Save - always electrically driven

17

Stability

The latest features including Autonomous Emergency Braking, ABS, Emergency Brake Assist and Electronic Stability Control

18

Intuition

Controls are within easy reach and settings can be accessed via a large central touch screen

PAINT COLOURS.

Please note that colours shown are an indication of the final paint colour and not an exact representation due to limitations of the printing process.

VARIANTS.

BUSINESS **£47,950***

CONSTRUCTION
Anodised aluminium construction
Sheet Moulded Composite (SMC) panels
EXTERIOR
Alpine white body colour
Satin black front & rear bumpers, D pillar covers, mirror covers & door handles
Black steel wheels
DRIVER COMFORT
Driver & passenger electric seat height adjustment
Dual-zone climate control (A/C)
Bluetooth connectivity
Two USB ports
9-inch touch screen
Keyless start
DAB
12V power socket in the cab
Automatic windscreen wipers
Auto LED headlights with automatic adjustment
LED daytime running lights
LED cab lights
Electrically adjusted & heated mirrors

*Basic Recommended Retail Price (excl. VAT).

Width (incl. mirrors)	2,083mm
Width (excl. mirrors)	1,945mm
Height (unladen)	1,990mm
Height (fully laden)	1,932mm
Wheelbase	3,386mm
Front overhang	941mm
Rear overhang	906mm
Front track	1,622mm
Rear track	1,637mm
Min. ground clearance (fully loaded)	150mm

LOADSPACE DIMENSIONS	
Length	2,447mm
Loadspace volume max.	5.5m ³ **
Max. width	1,574mm
Width between wheel arches	1,109mm
Height	1,373mm
Side load door entry width	938-1,128mm
Side load door entry height	1,199mm
Rear door entry width	1,253mm
Rear load door entry height	1,272mm
Rear loading height (step height from ground to load floor)	640mm

DRIVE MOTOR	
Driven wheels	Rear
Peak power	110kW
Peak torque	250Nm
Max. rpm	11,500rpm

*In accordance with Worldwide Harmonised Light Vehicle Test Procedure (WLTP) figures (October 2020). These figures may not reflect real life driving results, which will depend upon a number of factors including accessories fitted (post-registration), variations in weather, driving styles and vehicle loads.

**Loadspace volume (liquid fill behind bulkhead/max): 4.9/5.5m³.

DRIVE BATTERY

Drive battery type	3-string lithium-ion
Gross storage capacity	31kWh
Total number of cells	288

CHARGING

On-board charging AC	11 or 22kW
On-board charging DC	50kW
Optimum charging time @ 50kW (0-100%)	30 minutes
Optimum charging time @ 50kW (0-80%)	25 minutes
Optimum charging time @ 22kW (0-100%)	75 minutes
Optimum charging time @ 11kW (0-100%)	140 minutes
Optimum charging time @ 7kW (0-100%)	225 minutes

RANGE-EXTENDER

Fuel type	Petrol (95-RON up to E10)
Configuration	Inline 3 DOHC 12-valves
Induction	Direct injection, turbo-charged
Cubic capacity	1,477cc
Power	67kW
Electrical output	60kW
Peak torque	160Nm
Fuel tank capacity (usable)	38.5 (36) litres

BRAKES

Braking system	Front and rear floating caliper/ ventilated discs
Braking aids	ABS, Electronic Stability Control & Emergency Brake Assist

WHEELS & TYRES

Wheel size	17 x 7J
Tyre size	215/60/R17 109/107T

STEERING

Power steering type	Electrical Hydraulic Power Assisted Steering (EHPS)
Steering ratio	15.2:1
Turning circle (kerb to kerb)	10.1m
Turning circle (wall to wall)	10.83m

WARRANTY

Standard vehicle warranty	5 years/150,000 miles
Standard battery warranty	8 years/150,000 miles
Extended vehicle warranty*	6 years/200,000 miles
Extended battery warranty*	8 years/200,000 miles
Extended vehicle warranty plus*	7 years/200,000 miles
Extended battery warranty plus*	8 years/200,000 miles

SERVICE INTERVAL

Service interval	1 year/25,000 miles
------------------	---------------------

SUSPENSION

Front	Dual-axis Macpherson strut/ anti-roll bar
Rear	Double-insulated 5-link with transverse composite leaf spring

*Extended warranty only available in the UK.

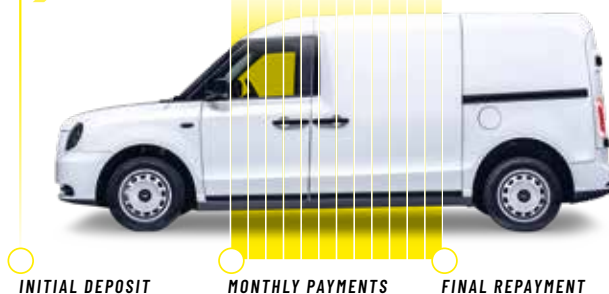

PLANS BUILT AROUND YOUR BUSINESS.

VN5 owners enjoy a comprehensive finance and support package tailored to their needs, with a range of options supported by major finance providers and industry-leading warranties.

Our Salespeople will be delighted to discuss the available plans with you, including Hire Purchase and Balloon, Hire Purchase, Business Contract Hire, Personal Contract Hire and Outright Purchase.

We are committed to finding the right option for every customer and to giving Fleet Operators a personalised, 360-degree care package to ensure everything continues to run smoothly.

➤ HIRE PURCHASE AND BALLOON

HIRE PURCHASE AND BALLOON.

The low-cost route to ownership, deferring a portion of the cost to the end of the payment plan. At this point, you can pay the balance or part exchange for a new vehicle using your VN5's final payment.

Benefits

Reduces monthly payments, allows regular upgrades to the latest model.

➤ HIRE PURCHASE

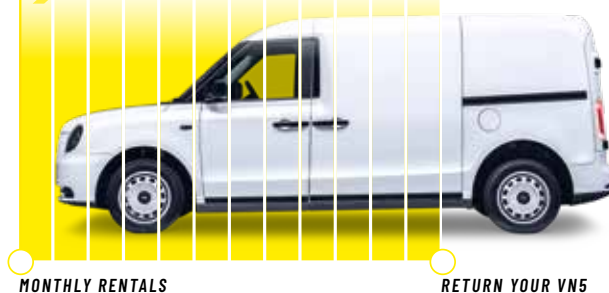

HIRE PURCHASE.

Pay off the entire cost of your VN5 on a monthly basis. Decide up-front on the initial deposit and how long the plan will run for.

Benefits

After the final instalment, you will own the vehicle outright with nothing more to pay.

➤ BUSINESS CONTRACT HIRE

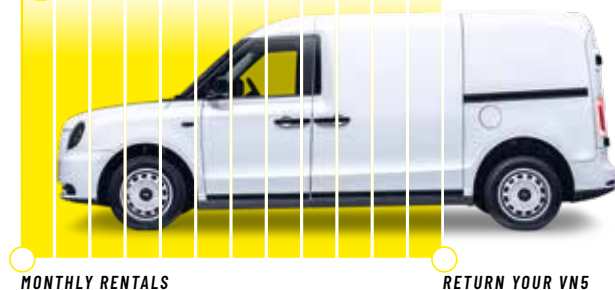

BUSINESS CONTRACT HIRE.

Lease a VN5 over a fixed term. Agree a suitable duration and mileage limit, and simply return the vehicle at the end of the agreement.

Benefits

Minimises up-front payment, controls monthly costs and reduces risk by freeing up capital. Offset certain costs against corporation tax. Off balance sheet. No disposal or RV concerns.

> PERSONAL CONTRACT HIRE

PERSONAL CONTRACT HIRE.

Lease a VN5 over a fixed term. Agree a suitable duration and mileage limit, and simply return the vehicle at the end of the agreement.

Benefits

Minimises up-front payment, controls monthly costs and reduces risk by freeing up capital. Forget about disposal or RV concerns.

> OUTRIGHT PURCHASE

OUTRIGHT PURCHASE.

Buy your new VN5 outright from day one, by paying the full purchase price in one single payment.

Benefits

No monthly outgoings, asset owned from day one, with the ability to trade in or sell at any time.

SUPER DEDUCTION TAX.

Are you eligible for Super Deduction Tax?
Check whether you are eligible for the new 130% First Year capital allowance at www.gov.uk/guidance/super-deduction

DRIVE WITH CONFIDENCE.

LEVC has a nationwide network of authorised dealers and repair centres, who hold a comprehensive catalogue of replacement parts in stock.

Expert staff in our maintenance centres will ensure your needs are met and your vehicle is taken care of properly. We back up our comprehensive warranties with swift and knowledgeable servicing to ensure your ownership experience is hassle-free.

Our goal is to give drivers a high standard of service with speed, convenience, and the reassurance that they have an approved LEVC service point nearby.

ROADSIDE ASSISTANCE.

LEVC have partnered with the RAC to give VN5 drivers access to 1,500 patrols, 24 hours a day, 365 days a year. So wherever you are in the UK, help is never far away. VN5 is covered by RAC Roadside Assistance for 12 months from the date of purchase and includes:

- Standard assistance in the UK
- Home start
- Flat tyres
- Recovery to the nearest LEVC dealer

WARRANTY.

VN5 comes with an industry-leading five year/150,000-mile vehicle warranty and a battery warranty of eight years/150,000 miles. For additional peace of mind, extended warranty policies are available to purchase.

For full details regarding the warranty policy, visit www.levc.com/warranty

STANDARD WARRANTY	VEHICLE 5 Years/150,000 Miles	BATTERY 8 Years/150,000 Miles
EXTENDED WARRANTY* Additional £399 excl. VAT (£478 incl. VAT)	VEHICLE 6 Years/200,000 Miles	BATTERY 8 Years/200,000 Miles
EXTENDED WARRANTY PLUS* Additional £525 excl. VAT (£630 incl. VAT)	VEHICLE 7 Years/200,000 Miles	BATTERY 8 Years/200,000 Miles

*Extended warranty only available in UK.

The models shown in this brochure are for illustrative purposes only and incorporate optional equipment and accessories not fitted as standard. What is considered standard or optional equipment may also vary, and the configuration of individual versions may change after the publication date, from time to time and from territory to territory. For more information about country-specific vehicle versions, please contact your local LEVC supplier. Every effort has been made to ensure that the contents of this publication are accurate and up-to-date at the time of going to press. Information provided in this brochure applies to vehicles built from 1st January 2022. The Company reserves the right to make modifications to vehicles, alter pricing, specifications, equipment and withdraw products from sale without notice. Any such alterations will be notified to LEVC retailers at the earliest opportunity. Please consult your local retailer for the latest information.

In order to implement Directive 2000/53/EC on end-of-life vehicles, the end-of-life vehicle law and the end-of-life vehicle regulation contained therein stipulate that the last owner should hand over their end-of-life vehicle to a recognised collection point or a recognised dismantling company. You can find more information on taking back and recycling end-of-life vehicles at www.levc.com/end-of-life
